

Associate Supply Chain Consultant

Consulting

Lyric

Closed

Job Details

As an Associate Supply Chain Consultant at Lyric.tech, you will play a key role in supporting client engagements focused on supply chain transformation and digital enablement. The role combines data-driven problem solving, process design, and technology implementation to deliver measurable business outcomes.

Key Responsibilities:

- Support supply chain strategy, planning, and transformation projects across industries.
- Analyze operational data and identify opportunities for cost optimization, improved efficiency, and agility.
- Assist in process diagnostics, benchmarking, and solution design.
- Work on implementation of ERP and SCM tools such as SAP, Oracle, Kinaxis, or Blue Yonder.
- Prepare client deliverables including reports, dashboards, and executive presentations.
- Collaborate with cross-functional client and internal teams across operations, procurement, finance, and logistics.
- Stay updated on global supply chain trends and emerging technologies.
